## THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the Town of Hudson, in the County of Hillsborough, in said State, qualified to vote in Town Affairs:*

(L. S.)

You are hereby notified to meet at the Town Hall, in said Hudson, on Tuesday, the 12th day of March next, at ten o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.
3. To see if the Town will vote to accept State Aid Construction of Roads, and raise and appropriate money for the same.
4. To see what sum of money the Town will raise and appropriate for the Construction of Sidewalks.
5. To see what sum of money the Town will vote to raise and appropriate toward the completion of Library St.
6. To see if the Town will vote to raise and appropriate the sum of \$3,000.00, or such sum as may be necessary as the Town's share of the proposed Special State Aid Construction of what is known as the Litchfield Road.

7. To see what sum of money the Town will raise and appropriate for the improvement and extension of the sewers, or take any action relating thereto.

8. To see what sum of money the Town will raise and appropriate for the observance of Memorial Day.

9. To see if the Town will vote to raise and appropriate the sum of (\$200.00) Two Hundred Dollars to be expended by the State Forestry Department in the control of the White Pine Blister Rust.

10. To see what action the Town will take toward the observance of Old Home Week, and raise and appropriate money for the same.

11. To see if the Town will vote to accept numerous bequests as Trust Funds, the income to be used for the perpetual care of the various cemetery lots.

12. To see if the Town will vote to authorize the Selectmen to pledge the credit of the Town in anticipation of Taxes.

13. To see if the Town will vote to authorize the Selectmen to dispose of Real Estate or other property acquired by tax sale.

14. To see if the Town will vote to allow the Hudson Fire Department to appoint their own Officers, subject to the approval of the Selectmen.

15. To see if the Town will vote to raise the salary of the Town Auditors from (\$3.00) Three Dollars to (\$25.00) Twenty-five per year and raise and appropriate money for the same.

16. To see if the Town will vote to raise and appropriate a certain sum of money to aid the Fortnightly Club in the employment of a community nurse. The money so raised to

be spent under the direction of the Club in the relief of the sick and the general promotion of the public health of the Town. The club to annually render an account of all money so expended.

17. To see if the Town will vote to elect a meat inspector for the ensuing year, and raise and appropriate money for the same.

18. To see if the Town will vote to instruct the Selectmen to call a public hearing to procure a new contract with the Hudson Water Company.

19. To see if the Town will vote to purchase a motorcycle for the use of the Police Department. The money to pay for the same to be taken out of money received from fines from the Municipal Court.

20. To see if the Town will vote to purchase a Sedan Automobile for the use of the Police Department, and raise and appropriate money for the same.

21. To see if the Town will vote to discontinue work and appropriation on the Ayers Pond Road until the right of way is settled with the Nashua Street Railway.

22. To see if the Town will vote an appropriation of \$3,000.00 for the hard-surfacing of the Over-the Hill road, the shorter way to Lowell, providing the right of way on the Ayers Pond Road is not settled in accordance with the terms as understood by the voters in the Town Meeting of 1928.

23. To see if the Town will vote to improve Highland St., from Pleasant St., to Gloria Ave. raise and appropriate money for the same.

Given under our hands and seal, this 25th day of February, in the year of our Lord nineteen hundred and twenty-nine.

OTIS R. CONNELL,  
JOHN A. ROBINSON,  
VERNON S. BROWN,

*Selectmen of Hudson, N. H.*

### LIST OF HIGHWAY DEPARTMENT MACHINERY AND TOOLS

- 1 Steam Roller
- 1 Stone Crushing Outfit Complete
- 2 Four Horse Road Scrapers
- 1 Two Horse Road Scraper
- 1 Water Wagon
- 2 Sidewalk Plows
- 2 Fordson Tractors
- 2 Sargent Plows
- 1 Ford Dump Truck
- 1 Grader

- 2 — 5 Gallon Oil Cans
- 3 Brooms
- 8 Lanterns
- 28 Picks and Handles
- 5 Grub Hoes
- 2 Axes
- 3 Rakes — 5 Potato Diggers
- 7 Crow Bars
- 1 Stone Fork
- 4 Two Horse Drag Shovels
- 4 Chains
- 1 Oliver Plow
- 1 Ruter Plow
- 1 Self Propelling Nozzle for Sewer Work
- 7 Wheel Barrows
- 15 Wrenches
- 40 Hand Shovels
- 4 Hoes — 10 Stone Drills
- 10 Stone Hammers — 3 Hand Tampers
- 1 Brush Scythe — 1 Scythe Snathe
- 1 Grind Stone

#### MATERIAL PURCHASED BY SELECTMEN

- 1 Cement Mixer with Gasoline Engine
- 1 Lifting Derrick
- 2 Bush Scythes and Snathes
- 3 Cross Cut Saws
- 2 Buck Saws
- 2 Hand Saws
- 1 Hack Saw, 10 Bits, 2 Braces, 2 Hammers
- 3 Ladder Hooks, 6 large Wedges
- 300 pounds of Nails and Spikes
- 14 Wheelbarrows
- 13 Thousand Feet of Lumber

3 Roll Top Desks, 2 Filing Cabinets, 1 Safe	
2 Tool Chests, 1 Table, 11 Chairs	
2 Rolls Floor Covering	
18 Windows, 13 Window Frames	
54 House Brackets, 33 Wooden Brackets	
37 Shingling Brackets	
100 Bricks	
15 Cement Hods	
1 Thawing Outfit	
1 Well Pump	
5 Thousand Shingles	
8 Salamanders	
3 Extension Ladders	
2 Regular Ladders	
6 Screw Jacks	
1 Step Ladder	
Total Cost,	\$340.00

This item is included in the new equipment account as material purchased from Osgood & Osgood.

GEORGE F. BLOOD,	Term Expires March, 1931
HALGA DURIVAGE, Librarian	

# HILLS MEMORIAL LIBRARY

---

## REPORT OF TRUSTEES

During the past year a large number of books have been purchased by the trustees and many of the best magazines have been subscribed for. Several gifts have been received from private individuals to whom we tender our thanks. The increase in the number of volumes will necessitate more stack room in the immediate future.

Mrs. Alfred K. Hills has once more shown her interest in our library by the gift of a table and a number of chairs of a size suitable for the use of children.

HENRY O. SMITH,

ELIZA B. LESLIE,

GEORGE F. BLOOD,

*Library Trustees.*

## SCHOOL WARRANT

---

### THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School district in the town of Hudson, qualified to vote in district affairs:*

You are hereby notified to meet at the Methodist Vestry, in said district on the 16th day of March, 1929, at 2.15 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see what action, if any, the district will take towards providing a kindergarten.

10. To see what sum of money the district will vote to raise for the building, repairing, or furnishing school houses, or to in any way, keep in repair or improve the school property of the district.

Given under our hands at said Hudson, this 20th day of February, 1929. . . . .

HERBERT W. CANFIELD,  
HENRY O. SMITH,  
KARL E. MERRILL,

*School Board.*

## Report of the School Board

---

To the citizens of the District :

We hereby present to you a report of the school activity during the past year. The report of instructional activity is prepared by the superintendent and is incorporated as our report to you.

We feel that the change which brings the pupils in the seventh and eighth grades from the Center to the Webster School will prove beneficial. While the available room is taxed to the limit, the full program of departmental work is provided for those who may intend to enter high school.

The large number of pupils in the first grade in the Webster School and the enlarged Junior High group made it seem advisable to employ an additional teacher. Accordingly some transfers were made assigning Mrs. Donovan to the new position.

In accordance with the appropriation made last year for a water supply at No. 9, an attempt was made to sink a point on the school grounds. This failed because of the ledge formation. Then a well which was already in existence was cleaned out thoroughly and the water tested. A sense of discouragement prevailed when repeated tests showed that the water was not usable. Finally, arrangements were made with Mr. Joseph Lambert to obtain water from his well.

A larger number of pupils are attending high school than has been true previously. At the present tuition rate each additional pupil makes an appreciable increase in the expenditures.

A very deplorable situation came about through the malicious activity of somebody with a slingshot. During the later part of the summer a considerable number of panes of

glass were broken in the Webster building. Such vandalism is most difficult to deal with since it is not only difficult to discover the miscreant but also juvenile law is not sufficiently stringent to leave a very strong impress on future action. There may even be the serious doubt if the parents have met their duty in the early training regarding the use of public property.

On January 14th what bade fair to be a great disaster by fire occurred. Due to the calm manner in which the children were marched out of the Webster building as if merely for a fire drill and to the very efficient manner in which the firemen handled the situation the loss by fire and water was greatly minimized. It is unlikely that too much praise will be given to the firemen either of Hudson or Nashua. In spite of the fact that many of our local department were at their work outside of the town limits, we feel that they rendered valiant and effective service. We also wish to express our gratitude to the Nashua department for their timely appearance and efficient service which materially assisted in keeping the loss comparatively small. That very little unnecessary destruction of the building occurred was favorably commented upon by one whose business is viewing buildings where fire has caused a loss.

Our attention has been called to the advisability of installing an additional boiler in the Webster building. Its purpose would be to assist in providing sufficient heat in extremely cold weather and be a relief boiler for the present installation. Since it appears fairly probable that the unit might be paid for from the insurance allowance, we recommend that you authorize the Board to proceed if they find the funds available.

The following estimates for the year 1929-30 are based on the same rate of expenditure as for 1928-29.

Estimated receipts from the minimum tax of

\$3.50 per \$1000 of taxable property,	\$6,588.54
--	------------

Additional sum required for the support of schools,	16,552.96
Excess salary of Superintendent,	330.00
High School tuition,	9,000.00
State Wide Tax,	1,136.00
	<hr/>
	\$33,607.50
Probable contribution of State,	6,000.00
	<hr/>
Amount to be raised by the district,	\$27,607.50

## SUPERINTENDENT'S REPORT

To the School Board of Hudson:

Gentlemen:

Herewith I submit my tenth annual report as superintendent of your schools, and to this document I have attached a report from the school nurse.

### *Consolidation*

Several times in my annual reports in past years, I have referred to the desirability of bringing together all pupils of grades VII and VIII. The large attendance in the Center School this year made it advisable to unite these two grades with those at the Webster School. There can be no doubt but this change furnishes better school opportunities for the first six grades at the Center by reducing both the number of pupils and the number of grades per room in that school, and at the same time furnishes better facilities through departmental teaching for fitting the graduates for a secondary course. There are a few pupils in grades VII and VIII in the two rural schools who would be benefited were it possible to give them the opportunity of attending the junior high in the Webster School.

*Tests*

I have caused to be given in grades I and II the Pintner-Cunningham intelligence tests. A graph of the scores secured from about 200 pupils shows a close conformity to the curve of normal distribution. This is good evidence that the tests are indicative of the individual abilities and that they were skillfully given. This is the first time we have been able to secure results in grade I and II upon which we could place much reliance. The Otis tests are being given in grades III and IV with equally dependable results.

Intelligence tests are designed to measure the individual's ability to learn, but from the very nature of the task attempted, it has been found necessary to rely largely on what the individual has already learned. It naturally follows that they may be more indicative of the ability of the pupils to learn school subjects than the acquiring of any other equally valuable knowledge. This does not, however, detract, but rather enhance, their value for school purposes, as they indicate the individual differences in the respects about which the schools are primarily concerned.

The scores are recorded on the permanent record cards for the guidance of the teachers in their work and for other school officials for matters of administration. Though the marks are guarded with professional secrecy, any parent may secure the score received by his child, and it should be very indicative to him of what he should expect from his child in school. Individual differences in the ability of children to master school subjects always have and always will exist. It is not the function of the school to equalize the attainment of the children but rather to secure from all full responses varying in extent in accordance with the individual differences in ability to learn. If the school is properly functioning, some children will receive double promotion while others are obliged to repeat, and such procedure will have to continue until some other scheme of grading has been devised.

The parent should then be concerned only as to whether the child is making progress in proportion to his ability to learn school subjects, whether that child is spending four or eight years in mastering the work of the first six grades. A thorough appreciation of this fact would eliminate many complaints.

### *The Fire*

The fire in the Webster School on the afternoon of January 14, has caused unavoidable changes in the administration of that school. These changes have been made with two ends in view, viz. to interfere as little as possible with the progress of the school work and to inconvenience as slightly as possible the families sending their children to that school. I feel that the Board has very happily hit upon a solution of the difficulties involved and deserve much credit for the speed employed in making the necessary temporary repairs and alterations. The school work seems to be progressing in a very satisfactory manner and I have heard no complaints from parents because of hardships caused by the change in hours.

We should, I believe, learn a few lessons from this fire. The first is that the Webster School is a type of structure which should not be copied in any future expansion of the school plant. The fire menace in a public building of that kind must necessarily be great, and wherever it houses several hundred of children, as does the Webster School, the life risk is an even more serious matter.

The Merrimac river though separating the territory of Hudson from the city of Nashua, does not create any difference in the wants of the residents of these two municipalities. Hudson parents want and expect school facilities equal to those enjoyed in Nashua. Any school building erected in the future in Hudson should be as fire proof and offer as many of the essentials for school work as is found in the

newer school buildings in Nashua. Any other policy will, I believe, only intensify some of those unfavorable economic conditions now existing in Hudson. Any town in close proximity to a larger community must either pursue the policy of "Keeping up with the Joneses" or be satisfied to go into rapid decline.

### *Attendance*

The membership of your schools on January 1, last, was as follows: Opportunity class, 24, rural schools 44, Center School 60, and the Webster School 340, total 468. Your enrollment in the Nashua High in September was 89, and 81 were in attendance on January 1.

This number, 468, is 206 more than your average membership ten years ago, 45 more than that of last year, and 38 more than you have ever had as an average attendance in any past year. By schools, you have a membership of 22 pupils per room in your rural schools, 30 at the Center, and 42 1-2 per room in the Webster School, when the four rooms now not in use are ready for occupancy.

Your increase in the past decade is 80 percent. The same rate of growth in the next ten years would give you a membership of 842 in the grades and 158 in the high school. This number would require eleven more rooms than you now have to house the children of the elementary schools alone. Besides this, you will likely have to make provisions for your high school pupils before the expiration of that period. In other words, in ten years time you will need with the present rate of expansion, two more six room school buildings. Looking ahead ten years in anticipation of difficulties may at first thought seem unnecessary, but any building program which does not anticipate our needs for at least a decade is not worth entertaining.

Of course, there is no surety that Hudson will continue to grow as in the past, but so long as Nashua is more pros-

erous than our neighboring cities it will inevitably increase in population and Hudson will receive the overflow as it has in the past. Something will doubtless have to be done in the immediate future to relieve the congestion and now is the time to decide on a definite building plan. It is quite probable that with the opening of the schools next September, you will have to provide one more room or resort again to the double session plan now used in an emergency.

### *Teachers*

You have in your employ 14 regular and 2 special teachers. This is one more than you employed last year, and the personnel is made up of the 15 in service last year with the one new one. This will bring the average tenure of office of your teachers up to six years next June. This speaks well for your teachers and also for Hudson, for in many small communities, local prejudices, factional quarrels, and other small town disturbances produce frequent changes in the teaching force with a consequent injury to the efficiency of the school system.

### *In General*

Your schools are, I believe, functioning as well if not better than at any time during the past ten years. I believe that a good school spirit exists in the schools, and judging from frequent comment, that they enjoy a good degree of public confidence, a factor absolutely essential for good schools.

Respectfully submitted,

LOUIS DeWITT RECORD,

*Superintendent of Schools, Union No. 27.*

## REPORT OF THE SCHOOL NURSE

To the School Board of Hudson:

I tender my report as school nurse for the past year.

I am glad to report a decrease in the number of children who are seven per cent or more underweight, especially in the Webster School. We still have quite a large number at the Center School. Some of it is due to defective tonsils while others, I think, would improve if they could have a hot lunch during the noon hour. They are having hot cocoa every day which helps but they need something more nourishing. I believe it could be arranged to serve these hot lunches at a very low cost. The children at the Webster School still have milk served at recess. A large number buy the milk and others bring it from home. Some free milk is given to the children whose parents are unable to buy or furnish it for them. This free milk is paid for from money raised by a tag day. The lack of funds limits the number receiving the free milk. We have a few receiving free lunches which is made possible by a gift from the funds which the teachers acquired from a card party.

We cooperated with the local Health Officer in vaccinating those children who had not been vaccinated. Eighty-nine children were successfully vaccinated by Dr. Weaver of the State Board of Health.

We still have a large number of children with defective teeth although a considerable number have secured treatment for them. The children are showing more interest both in the care of their teeth and in keeping them clean.

The schools have been very free from sickness. A few cases of measles, some colds and a small number having impetigo were quickly taken care of. We have very little trouble from pediculosis. Any child having pediculosis is excluded from school until rid of the trouble and is readmitted only after reporting to me for examination.

The teachers show a splendid spirit of cooperation in reporting children thought to be ill or showing symptoms of disease and in instilling ideas of personal cleanliness in the minds of the children.

In the larger number of cases the parents are anxious to have the defects corrected when such are brought to their attention. I am adding a list of defects found at the last examination.

<i>Defects found</i>	<i>Treated or improved</i>	
425 Children examined.		
7% or more underweight,	30	15
Defective tonsils,	55	25
Defective teeth,	50	30
Defective vision,	30	20
Defective breathing,	20	15
Enlarged glands,	15	10
Orthopedic defects,	4	3
Skin disease,	10	10
Pediculosis,	10	10
Unvaccinated without certificate,	97	95
Unvaccinated with certificate,	4	3
150 dressings done at school and at homes.		
235 home calls.		

Respectfully submitted,

JOSIE M. MERRILL, R. N.

*School Nurse.*

## Report of Auditor

February 7th, 1929

Mr. John A. Robinson, Chairman,  
Board of Selectmen,  
Hudson, New Hampshire.  
Dear Sir :-

I submit the following report of my audit of the accounts of the Town of Hudson for the fiscal years ended January 31, 1927, January 31, 1928, and the last fiscal year to January 26, 1929.

The Selectmen's Payments for this period were checked and the totals verified. The Payrolls of the various Highway Agents were audited.

The Treasurer's Receipts were checked and it was found that the town had received all revenue which had been collected by the Tax Collector and Town Clerk, together with revenue accruing from various other sources. The payments made by the Treas. were found to agree with the order drawn by the Selectmen. The Bank Balance of the Treasurer, as of January 26, 1929, was reconciled with his Cash Book Balance of the same date and found to be in agreement.

The Town Clerk's Auto Permit account was checked, his remittances to the Treasurer being sufficient in amount to cover the total of all permit cards issued.

The accounts of Mr. Leslie, Tax Collector, for the tax levies of 1926, 1927 and 1928, were audited and found to have been kept in a very systematic manner. The amount of uncollected taxes is comparatively small, Mr. Leslie having held a tax sale each year, at which sales the town bid off the property for the amount of the taxes plus costs.

My recommendations are as follows :

(1) That the Highway Agent's time sheets be made up in the form of weekly payrolls so that each party whose name appears thereon may sign opposite the amount which he receives.

(2) That the Selectmen give an Order to the Tax Collector at the end of each Fiscal Year for the amount of taxes bought by the Town at the sale held during that year, in order that this amount may appear on the books as "Taxes bought by Town" rather than "Uncollected Taxes."

I found that the accounts of all the town officers, involving the receipt and expenditure or more than a hundred thousand dollars a year, were kept in a very business like and efficient manner, and in accordance with the uniform system of municipal accounts prescribed by the State Tax Commission.

Very truly yours,

State Tax Commission,

HAROLD G. FOWLER,

*Municipal Accountant.*

## VITAL STATISTICS

# MARRIAGES REGISTERED IN THE TOWN OF HUDSON FOR THE YEAR ENDING DECEMBER 31st, 1928.

Date of Marriage	Place of Marriage	Name and Surname of Groom and Bride	Residence of each at time of marriage	Age	Occupation of Groom and Bride	By Whom Married
